ON-SITE TRAFFIC — ROAD PROCEDURES

**INDUCTION PROCEDURES** should include CLEAR INSTRUCTIONS about the TRAFFIC CODE.

- **Entrance control** must ensure only authorised or escorted vehicles come onto the site.
- **Routine medicals** for all drivers to include sight and hearing checks.
- **Always wear a seatbelt!**
- **Separation is key to avoiding interactions between pedestrians and many types of mobile equipment.**
- Never use a mobile phone while driving!

A register of authorised company and private vehicles and licensed drivers should be maintained.
