Notes on company ownership and tonnage calculations:

Notes on company ownership and tonnage calculations: For worldsteel members, the data was sourced from their official tonnage declarations. For Chinese companies, the official CISA tonnage publication was used, unless otherwise noted. In case of more than 50% ownership, 100% of the subsidiary's tonnage is included. In cases of 30%-50% ownership, pro-rata tonnage is included. Unless otherwise specified in the declaration, less than 30% ownership is considered a minority and therefore not included.
